

MUDIT SHARMA

ASPIRING FINTECH DEVELOPER & AI RESEARCHER

16-year-old Grade 11 'builder' exploring the intersection of fintech and AI. Secured 95.6% in Class 10th – CBSE with a perfect 100 in Artificial Intelligence, I have transitioned from winning national hackathons to developing functional digital products. Currently refining my skills in machine learning and leadership while figuring out the next step in tech innovation.
